

The ROCKIN' REPORT

Mrs. Hayes

Week of: January 5, 2021

Rockin' Skills

Science:

For 3 weeks, our kiddos have been learning about constructive and destructive forces. This Friday we will be taking our End of Unit Assessment. We will review for our assessment on Tuesday, Wednesday, and Thursday. We will play games such as jeopardy, Kahoot, and Quizzes. Along with studying, they should be prepared. **Please make sure your child is studying every day until Friday.**

Math:

We continue with our division drills. Our kiddos should be able to complete 90 facts in 3 minutes. Xtra math is a great resource to practice.

Our kiddos will also be learning to solve real-life problems involving multiplication of fractions and mixed numbers using visual models or equations.

Reading:

We start a new unit. Our kiddos will be reading myths, fables, folktales, legends, tall tales. We will compare and contrast tone, mode, theme, plot, and characters. This is a Really fun unit!

Writing:

Opinion Writing. Another favorite.

What's New

STUDENT OF THE WEEK. This semester, a kiddo will be selected as the "student of the week." Each kiddo that walks through my door is special. I want to highlight their uniqueness! This week will be special for them!

If your child is chosen, here is what to look forward to:

Friday: Announcement is made.

Monday: Spotlight Page (done over the weekend)

Tuesday: Show & Tell. 3 items.

Wednesday: Parents write a letter Saying why your child is so special to you.

Thursday: Lunch Buddy

Friday: Certificate Presented.

Reminders/Homework:

Reminders:

Chromebooks, charging cords, and headphones should be brought every single day!

Science test this **FRIDAY!**

Homework:

Math facts practice

15 minutes of reading
