- Kits will be distributed early September.
- Kits will be kept in your child's classroom to bring to art. At the end of the year they will take them home.
- You may create your own kit for your child to bring to art. It will need to be in a bag with your child's name on it, and include the materials listed above.
- These are for sale other places however, I have negotiated a cheaper price and being that they will be pre purchased it is required for you to purchase through MES so we do not lose funds and you get an excellent deal.
